Login Instructions

General User and Guests:
- User name: instructor
- Password: instructor
- Log on to: [system names] (this computer)

Note: The system name will vary from machine to machine, but when logging in as a general user look for “(this computer)”

AD or Blue Domain User:
- User name: Use your NetID
- Password: Use your current password
- Log on to: AD or Blue

This system has Deep Freeze software installed. All “new” data on the local drive will be automatically removed after the next reboot. “Thawed” mapped drive T:\ is available if longer-term storage is needed, however data may be deleted at any time without notification.

If you have any problems or software requests, please contact Classroom Support by phoning x1111 and select option 1.
